# PUBLIC WORKS Index

## Volume 65

## January-December, 1934

### General Index

#### Construction Methods

*Month and Page*

Asphalt Concrete Pavement, Mechanical Finishers Used on 50-foot .....Jan.—40
Bituminous Roads, Pre-Mix: Basic Factors in Construction and Some Cost Data .....April—43
Blasting Ditch in Frozen Ground.Nov.—22
Brick Plus CWA Labor Gives Good Pavement, Old .....Jan.—41
Bulldozers in Highway Grading Work, Use of .....July—33
Cement on a Highway Job, Handling 54,000 Barrels of .....Feb.—18
Cement Shed, A Handy .....Jan.—28
Concrete Forms, Pressure on ....Oct.—31
Concrete Road, Speed Record in Winter Construction of ....Jan.—42
Culvert Problem, Solution of a Troublesome .....Aug.—28
Curing Pavement with Cement Spray .....Mar.—47
Ditch in Frozen Ground Blasting .....Nov.—22
Drilling Efficiency, Welded Air Pipe of Light Weight and Large Diameter Adds to .....Oct.—31
Equipment Ready for Spring, Getting Highway .....Jan.— 6
Grading, Power Shovel Operation in Highway .....Nov.—20
Grading, The Use of Large Scrapers in Highway .....Aug.—35
Grading Work, Use of Bulldozers in Highway .....July—33
Gravel in Oakland County, Stabilization of Resurfacing.....Aug.—32
Hydraulicking for a Highway ..Dec.—46
Jacking 68-Inch Storm Sewer Under Railroad .....Nov.—26
Mixers, Some Performance Records of Paving .....Sept.—18
Pavements in Ohio, Winter Construction of .....Jan.—17
Photographs of Construction Progress, Specifications for ..Nov.—14
Pre-Mix Bituminous Roads: Basic Factors in Construction and Some Cost Data .....April—43
Resurfacing Gravel in Oakland County, Stabilization of .....Aug.—32
Rolling, What is? .....June—32
Scrapers in Highway Grading, The Use of Large .....Aug.—35
Sewer Under Railroad, Jacking 68-Inch Storm .....Nov. 26
Sewers and Other Utilities, Tunneling for .....Sept.—42
Sewers Under Difficult Conditions, Building .....May— 9
Shovel Operation in Highway Grading, Power .....Nov.—20
Signal Torches, Study of Kerosene .....Aug.—12
Tar Concrete Laid in Winter, Plant-Mixed .....May—13
Tunneling for Sewers and other Utilities .....Sept.—42
Winter Construction of Concrete Road, Speed Record in..Jan.—42
Winter Construction of Pavements in Ohio .....Jan.—17
Winter, Plant-Mixed Tar Concrete Laid in .....May—13

#### Highways and Pavements

Asphalt, Brick and Concrete Pavements .....Dec.—30
Asphalt Oil Mats, Powdered ....Aug.—20
Asphaltic Materials, Developments in Use of .....Mar.—23
Beautification in Ohio, Roadside.April—12
Bituminous Pavements, Salvaging Old .....April—10
Bituminous Penetration Surface Course Specifications, Pennsylvania .....July—26
Bituminous Roads, Pre-Mix: Basic Factors in Construction and Some Cost Data .....April—43
Brick, Asphalt and Concrete Pavements .....Dec.—30
Brick Plus CWA Labor, Old.....Jan.—41
Bridge Notes from Rhode Island, Highway .....Oct.—26
Bulldozers in Highway Grading Work, Use of .....July—33
Calcium Chloride, Stabilizing Michigan Gravel Roads with Clay and .....Jan.—32
California Experiments in Curing Concrete Pavements in Winter .....Nov.—30
California Double-Bore Tunnel with Unusual Features.....Sept.—25
Cement-Bound Macadam .....Dec.—29
Cement-Bound Macadam, Rolling Gives Best Compaction on.May—26
Cement on a Highway Job, Handling 54,000 Barrels of ....Feb.—18
Cement, Repaving a Heavy-Traffic Street in Cold Weather Using High Early Strength...Mar.—11
Chlorides for Treating Icy Pavements .....Nov.—28
Cold Weather Street Construction Using High Early Strength Cement .....Mar.—11
Concrete, Experiences in the Use of Early-Strength .....April—23
Concrete Pavements at Low Temperatures, Laying .....June—50
Concrete Pavements in Winter, California Experiments in Curing .....Nov.—30
Concrete Reinforcement, Use of High Elastic Limit Steel as..Mar.—37
Construction Corps, A Highway..Dec.—41
Construction for Four Years Assured, Highway .....July—10
Culvert Problems, Solution of a Troublesome .....Aug.—28
Danger Spots on Highways, Protecting Traffic at .....June—46
Day Labor Work on Rural Roads as a Relief Measure .....Mar.—35
Ditches and Improving Roads, Cleaning .....June—49
Drags Used in Mixed-in-Place Construction .....Feb.—20
Drains, Gutters and Parking Strips .....Dec.—29
Drinking Fountain for Roadside Supplies .....Apr.—20
Earth and Gravel Roads .....Dec.—24
Equipment, Construction .....Dec.—31
Floods, Ohio Highway Dept. Prepares for Spring .....Mar.—10
Frost-Heave in Highways: Its Occurrence .....April—40
Frost-Heave in Highways, Prevention of .....May—31
Gasoline Taxes, Slight Increase in State .....Nov.—14
Grading, Power Shovel Operation in Highway .....Nov.—20
Grading, The Use of Large Scrapers in Highway .....Aug.—35
Grading Work, Use of Bulldozers in Highway .....July—33
Gravel in Oakland County, Stabilization of Resurfacing ....Aug.—32
Gravel Roads with Clay and Calcium Chloride, Stabilizing Michigan .....Jan.—33
Hydraulicking for a Highway....Dec.—46
Icy Pavements, Chlorides for Treating .....Nov.—28
Icy Pavements, Treating .....Jan.—39
Joint Fillers Tested, Resilient Expansion .....Apr.—46
Kansas, Road Maintenance Details in .....Aug.—26
Kentucky Highways, Traffic Counts on .....Oct.—32
Low-Cost Bituminous Roads ....Dec.—26
Low Cost, How Pennsylvania Secures Good Roads at..Nov. 11, Dec.—44
Low-Cost Road Construction, Developments in .....Mar.—21
Low-Cost Stabilized Road Construction .....Mar.—24
Maintenance and Betterment in 1934, Highway .....Jan.—14
Maintenance Costs in Rhode Island .....Feb. 23, July—38
Maintenance Details in Kansas, Road .....Aug.—26
Maintenance, Some Cost Data on .....Sept.—20
Maintenance Work, Cost of Road.Jan.—16
Massachusetts Highway, Traffic Counts, 1892 and 1933, on a ..Jan.—43
Michigan Gravel Roads with Clay and Calcium Chloride, Stabilizing .....Jan.—33
Mississippi Paved Roads, Raised Center Stripe on .....Nov.—14
Mixed-in-Place Construction, Drags Used in .....Feb.—20
Mixed-in-Place Road, Building a Vermont .....June—41
Mixes, Some Performance Records of Paving .....Sept.—18
Mud Holes on Farm-to-Market Highways, Filling .....Jan.—42
Mud Jacking, Soil Materials Suitable for .....Feb.—13
Oakland County, Stabilization of Resurfacing Gravel in .....Aug.—32
Ohio Highway Dept. Prepares for Spring Floods .....Mar.—10
Ohio Highways, For Greater Safety on .....June—42
Ohio, Roadside Beautification in .....April—12
Ohio State Highway Dept. to Study Warning Torches .....May—30
Ohio, Winter Construction of Pavements in .....Jan.—17
Omaha Installs Traffic Markers with CWA .....Aug.—18
Pennsylvania Bituminous Penetration Surface Course Specifications .....July—26
Pennsylvania Secures Good Roads at Low Cost, How ....Nov. 11, Dec.—44
Pre-Mix Bituminous Roads: Basic Factors in Construction and Some Cost Data .....April—43
PWA Program, The; Highway Needs and Work Relief .....Dec.—20
Reinforcement, Use of High Elastic Limit Steel as Concrete ..Mar.—37
Repairs in Place of Patched-Up Jobs .....Mar.—12
Report, Interesting Features of Upper Darby Highway .....May—10
Resurfacing .....Dec.—28
Rhode Island, Highway Bridge Notes From .....Oct.—26
Rhode Island, Road Maintenance Costs in .....Feb.—23
Rhode Island, Maintenance Costs in .....July—38
River by Blasting Cut-Off, Road Saved from Meandering .....Feb.—30
Roadside Improvement in Texas.Sept.—12
Roadside Improvement Is Required on Federal-Aid Highways .....July—24
Roadside Improvements; Guard Rails; Planting .....Dec.—35
Rolling Gives Best Compaction on Cement-Bound Macadam..May—26
Rolling, What Is? .....June—32
Roughograph Locates Pavement Bumps .....Oct.—18
Safety on Ohio Highways, For Greater .....June—42
Scrapers in Highway Grading, The Use of Large .....Aug.—35
Shoulders, Cement-Bound Macadam for .....Dec.—42
Skid in Virginia, A Method of Making Pavements Non- .....July— 9
Soil Analysis in Economic Highway Construction .....May—21
Soils Depends Upon Shear Strength, Stability of .....Aug.— 9

*Month and Page*

Soils Indicated by Flocculation Constants, Compressibility and Elasticity of ..... Sept.—16
Soils Used in Highway Construction, Description of ..... July—14
Stage Construction ..... Dec.—24
Street Designing, One Man's Ideas About ..... Oct. 9, Nov.—17
Stripe on Mississippi Paved Roads, Raised Center ..... Nov.—14
Tar Concrete Laid in Winter, Plant Mixed ..... May—13
Tar, Developments and Present-Day Practices in the Use of .. Mar.—22
Tar Research by University of Pittsburgh ..... Jan.—34
Tar Surface Treatment Cost Details ..... May—28
Taxes Fairly Apportioned, Motor Vehicle ..... Jan.—39
Texas, Roadside Improvement in ..... Sept.—12
Torches, Ohio State Highway Dept. to Study Warning ..... May—30
Traffic at Danger Spots on Highways, Protecting ..... June—46
Traffic Behavior, Photographing .. Oct.—16
Traffic Counts on Kentucky Highways ..... Oct.—32
Traffic Counts, 1892 and 1933, on a Massachusetts Highway .. Jan.—43
Traffic, Hourly Distribution of Highway ..... May—34
Traffic Markers with CWA, Omaha Installs ..... Aug.—18
Traffic Surveys ..... Dec.—25
Tunnel with Unusual Features, A California Double-Bore ..... Sept.—25
Unemployment Relief, Highway Construction for ..... Dec.—19
Upper Darby Highway Report, Interesting Features of ..... May—10
Vermont Mixed-in-Place Road, Building ..... June—41
Virginia, A Method of Making Pavements Non-Skid in ..... July— 9
Weed and Road Vegetation Control ..... May 30, Aug.—20
Winter Construction of Concrete Road, Speed Record in ..... Jan.—42
Winter, Plant Mixed Tar Concrete Laid in ..... May—13

## Lighting and Power

Aids Virginia, Minn., Water and Light Commission ..... Oct.—46
Chanute's Utilities Run the City .. May—12
Costs, Wheaton Cuts Its Street Lighting ..... Oct.—48
Electric Power from the Tennessee Valley ..... Oct.—37
Electricity in Hingham, Mass., Municipal ..... Oct.—40
Hingham, Mass., Municipal Electricity in ..... Oct.—40
Hudson Power Plant Produces Current for 9.74 Mills ..... Oct.—41
Jacksonville's Municipal Water and Light Plants Earned $2,175,762 in 1933 ..... Nov.—35
Jamestown, N. Y., Operates Efficient Light Plant Profitably .. Dec.—57
Lamps Introduced at Lynn, Mass., High-Intensity Mercury Vapor ..... Nov.—37
Light Plant Profitably, Jamestown, N. Y., Operates Efficient. Dec.—57
Lighting Pays Its Way, Better .. Dec.—55
Lincoln, Neb., Joint Operation of Water and Light Plants in .... Dec.—51
McPherson, Kans., Light Dept. Sets New Record ..... Nov.—48
Norwalk, O., Light Plant Shows Steady Gain ..... Dec.—58
Power Plant Produces Current for 9.74 Mills, Hudson ..... Oct.—41
Princeton, Ill., Municipal Water and Light ..... Nov.—48
Rates, How One Privately Owned Plant Met Requests for Lower .. Dec.—56
Seattle May Acquire Puget Sound Power & Light Co. .... Nov.—48
T. V. A., The Power Policy and Rates of the ..... Nov.—41
Tennessee Valley, Electric Power from the ..... Oct.—37
Virginia, Minn., Water and Light Commission Aids ..... Oct.—46
Wheaton Cuts Its Street Lighting Costs ..... Oct.—48

## Miscellaneous

Bidding Is Not Advantageous, When Competitive ..... Dec.—70
Bridge Repair Notes from Rhode Island, Highway ..... Oct.—26
Bridge Towers, Rapid Work in Restoring Suspension ..... Sept.—38
Bridges, Painting Steel ..... April—24
Bridges, Vibrating Concrete for .. Oct.—15
City Engineering Office, Key Maps and Master Plan for a .. Feb.—24
Civil Engineers, Federal Winter Work for ..... Dec.—11
Commission, School Days for Township ..... April— 7
Compensation Insurance, Holland, Mich., Operates Municipal ..... Nov.—48
Culverts, Comparative Cost of Concrete and Corrugated Metal ..... Sept.—24
Divers, Engineers as ..... Feb.—17
Drainage and Conservation .... Sept.—23
Explosives, Handling and Using .. May—11
Finances Pictographically Shown, Hinton's ..... Oct.—11
Fuller, George W. ..... July—30
Hinton's Finances Pictographically Shown ..... Oct.—11
Holland, Mich., Operates Municipal Compensation Insurance .. Nov.—48
Maps and Master Plan for a City Engineering Office ..... Feb.—24
Municipal Engineers and Public Works Officials Meet ..... Oct.—34
Paint for City Use, Aluminum .. Mar.—39
Painting Steel Bridges ..... April—24
Retaining Walls, Crib ..... Mar.—18
Sand Trap of Self-Cleaning of Canals and Streams ..... Nov.—16
Snow, Preparedness for the War on ..... Oct.—24
Snow Problem in Saranac Lake, Handling the ..... Oct.—20
Snow Removal Unit, Manitoba's 300-Horsepower ..... Aug.—26
Swamps, Unemployment Relief Drains County ..... Aug.—24
Swimming Pools, Legal Liabilities of ..... Dec.—70
Tax-Free Municipality, Advantages of a ..... Nov.—38
Trisecting an Angle ..... June—34
Utilities Run the City, Chanute's. May—12
Vibrating Concrete for Bridges .. Oct.—15
Wall, Reinforced Brick Retaining ..... Oct.—10

## Refuse Collection and Disposal

Canajoharie, Incineration and Sewage Works Combined for ... Feb.— 9
Cleveland Contracts for Incinerator ..... Jan.—46
Collection Vehicle, Moving-Floor Refuse ..... Nov.—18
Costs in England, Refuse Collection and Disposal ..... Dec.—50
Dump, Controlling a City ..... April—11
Expense, Sioux City Reduces Refuse Disposal ..... Jan.—46
Improving Refuse Collection and Disposal ..... Feb.—41
Incineration in Winston-Salem, Cost of Garbage ..... Jan.—46
Incinerator and Sewage Works Combined, Canajoharie ..... Feb.— 9
Incinerator, Cleveland Contracts for ..... Jan.—46
Incinerator, Specifications for Portland's Refuse ..... Aug.—23
Sioux City Reduces Refuse Disposal Expenses ..... Jan.—46
Winston-Salem, Cost of Garbage Incineration in ..... Jan.—46

## Sanitation

Climate and Sanitation, Germany's ..... Feb.—39
England, House Drainage in ..... April—12
Germany's Climate and Sanitation ..... Feb.—39
Maryland, Sanitation for Rural Sections in ..... Sept.—24
Mines, Preventing Acid Pollution of Streams by Abandoned ..... Feb.—26
Rural Sections in Maryland, Sanitation for ..... Sept.—24
Sioux City, Sanitation in ..... June—54

## Sewage Treatment

Activated Sludge Plant, Two Years' Experience with the Phoenix ..... Sept.—14
Activated Sludge Treatment Impaired by Stale Return Sludge .. April—16
Akron's Sludge as a Fertilizer .. Oct.—14
Beet Sugar Wastes, Purifying ... Jan.—19
Birmingham, Planning and Financing Sewage Treatment in .. Feb.—15
Canajoharie, N. Y., Incinerator and Sewage Works Combined for .. Feb.— 9
Chemical Precipitation at Freeport, L. I. ..... Jan—20
Chemical Sewage Purification Plant, Six Months' Operation of ..... Mar.— 9
Chemical Treatment of Sewage .. Dec.— 9
Chemical Treatment of Sewage, Most Recent Developments in the ..... Oct.—12
Chlorine Reduces Grease Skimmings Odor ..... April—16
City of David, Non-Bacterial-Sewage Treatment at ..... Nov.—15
Coagulants, Elutriation of Sludge Greatly Increases Effectiveness of ..... Nov.— 9
Corrosion-Resistant Alloy Cast Iron for Sewage Plants ..... Nov.—18
Decatur, Pre-Aeration of Sprinkling Filter Sewage at ..... Aug.—16
Developments in Sewage Treatment, a Year's ..... July—18
Digestion in an English Plant, Sludge ..... Dec.—68
Digestion of Sewage Screenings at Pretoria ..... Nov.—18
Digestion Tank and Gas Holder .. Jan.—19
Distillery Wastes and Stream Pollution ..... July—31
Distillery Wastes Disposal ..... Oct.—30
Elutriation of Sludge Greatly Increases Effectiveness of Coagulents ..... Nov.— 9
Filter Distributor in Maryland, Revolving ..... June—49
Fish Life of Sewage and Treated Effluents, Effect on ..... Mar.—46
Fort Atkinson, Wis., Sewage Disposal at ..... April— 8
Freeport, L. I., Chemical Precipitation at ..... Jan.—20
Gas Liquors on Sewage Treatment, Effect of ..... Aug.—15
Grease Skimmings Odor, Chlorine Reduces ..... April—16
Imhoff Tank Operation, Hydrated Lime in ..... Jan.—19
Incineration of Sewage Sludge, Drying and .. May—14 June—53 July—13 Aug.—25 Sept.—36
Incinerator and Sewage Works Combine for Canajoharie ..... Feb.— 9
Lime in Imhoff Tank Operation, Hydrated ..... Jan.—19
Milk Wastes in Sewage Plants .... Jan.—18
Milwaukee, Sludge Collecting Apparatus at ..... Aug.—30
Ohio, Sewage Treatment Works in ..... May—45
pH of Sewage Sludge, Determining the ..... April—11
Phenols Removed from Sewage by Compressed Air ..... Oct. 18
Phoenix Activated Sludge Plant, Two Years' Experience with ... Sept.—14
Planning and Financing Sewage Treatment in Birmingham ..... Feb.—15
Pre-aeration of Sprinkling Filter Sewage at Decatur ..... Aug.—16
Salt Water in Sewage Retards Sedimentation ..... Oct.—30
Screenings at Pretoria, Digestion of Sewage ..... Nov.—18
Sedimentation, Salt Water in Sewage Retards ..... Oct.—30
Sewage Works and Incinerator Combined for Canajoharie ..... Feb.— 9
Sludge as a Fertilizer, Akron's .... Oct.—14
Sludge Collecting Apparatus at Milwaukee ..... Aug.—30
Sludge Digestion in an English Plant ..... Dec.—68
Sludge, Drying and Incineration of Sewage .... May 14 June—53 July—13 Aug.—25 Sept.—36
Sludge for Vacuum Filtration, Conditioning ..... June—30
Sprinkling Filter Sewage at Decatur, Pre-aeration of ..... Aug.—16
Trickling Filters, Revolving Distributors for ..... July—37
Turbidity, Rapid Determination of ..... Dec.—69
Vacuum Filtration, Conditioning Sludge for ..... June—30
Winery Wastes, Survey of ..... Mar.—14

## Sewerage

Building Sewers Under Difficult Conditions ..... May— 9
Chicago Sewerage, PWA Recommendations for ..... June—37
Chlorine for Odors in Small Sewers ..... Jan.—38
Concrete for Sewers, Etc., Vibrated ..... Oct.—15
Digestion Tank, The .... Jan.—29 Feb.—25 Mar.—15 April—16 May—41 June—44 July—22 Aug.—21 Sept.—22 Oct.—52 Nov.—24—Dec.—14
Drain Design Practice in Los Angeles, Rational ..... June—38
Experience in Sewerage and Sanitation, A Year's ..... Dec.—48
Gas in Sewer Kills Two ..... May—16

*Month and Page*

Japan, Sewerage in Nagoya and Kyoto .....Feb.—39
Los Angeles, Rational Drain Design Practice in .....June—38
Odors in Small Sewers, Chlorine for .....Jan.—38
Old, Sewers 4,500 Years.....Feb.—35
Pipe, Rubber Joint for Sewer....Mar.—10
Pipe Specifications, Revision of Reinforced Concrete .....May—10
Pollution of Rivers, Assessing Damages for Sewage .....Feb.—40
Sewer, Cast Iron Outfall.....Aug.—15
Sewer Designing, A Quarter Century Behind the Times in .....Nov.—19
Sewer Under Railroad, Jacking 68-Inch Storm .....Nov.—26
Sewers Under Difficult Conditions, Building .....May— 9
Storm Sewer Installation by Relief Work .....June—31 July—30
Tunneling for Sewers and Other Utilities.. .....Sept.—42

## Unemployment Relief

Charleston, S. C., CWA Work for..Apr.—25
Chicago Sewerage, PWA Recommendations for .....June—37
Civil Engineers, Federal Winter Work for .....Dec.——
Code for the Water Supply Industry .....Feb.—20, Aug.—14
CWA Work to Be Discontinued...Feb.—27
Dam Built by CCC, Earth-Fill...April—33
Draining Swamps with Unemployed Labor .....Aug.—24
Engineers Think About CWA, What City and County .....Mar.— 7
Highway Beautification by CWA.Feb.—12
Highway Construction for Unemployment Relief .....Dec.—19
Highway Needs and Work Relief; The PWA Program .....Dec.—20
Highway Projects, Relief Workers on .....April—25
Money Expected for CWA and PWA, More .....Jan.—13
Ohio CWA Road Work Program to Be Completed .....April—25
Omaha Installs Traffic Markers with CWA Labor .....Aug.—18
Pavement, CWA Labor Plus Old Brick Gives Good-as-New .....Jan.—41
Relief Labor in the Water Works Plant .....June—36
Road Work Program to Be Completed, Ohio CWA .....April—25
Roads As a Relief Measure, Day Labor on Rural .....Mar.—35
Roads Filling Mudholes, CWA Labor on Farm-to-Market .....Jan.—42
Sanitary Engineering in Wisconsin Aided by PWA and CWA...April—25
Sewer Installation by Relief Work .....June—31
Traffic Markers with CWA Labor, Omaha Installs .....Aug.—18
Water Plants, RFC Funds for Private .....Jan.—22
Water Works Plant, Relief Labor in the .....June—36
Wisconsin Aided by PWA and CWA, Sanitary Engineering in April—25
Work Relief Projects, An Unusual Opportunity .....May 7

## Water Purification

Activated Carbon for Taste and Odor Control, Latest Procedures in Use of .....June—35
Activated Carbon, Taste and Odor Control by .....Jan.—36
Ammonia-Chlorine in Filter Influents and Effluents .....April—20
Ammonia-Chlorine, Prevention of Tubercles by .....Oct.—29
Chemicals Used by Canadian Water Works .....Jan.—22
Chicago, Water Chlorination Economics in .....Mar.—39
Chlorination Economics in Chicago, Water .....Mar.—39
Coagulants Used in Water Purification .....Nov.—31
Eugene, Oregon, Filtration Plant, Operating .....Aug.—13
Filtration Plant, Operating Eugene, Oregon .....Aug.—13
Laboratory Supervision Prevents Tastes and Odors .....July—35
Lime and Sodium Compounds, Prevention of Main Corrosion by .....Sept.—26
Sodium Compounds, Prevention of Main Corrosion by Lime and ..Sept.—26
Softening Water to Increase Revenue .....Aug.—14
South Africa Compared with American Practice, Water Purification in .....Jan.—35

*Month and Page*

Taste and Odor Control by Activated Sludge .....Jan.—36
Taste and Odor Control, Latest Procedures in Use of Activated Carbon for .....June—35
Tastes and Odors, Laboratory Supervision Prevents .....July—35

## Water Supply

A. W. W. A.'s Successful Convention .....July—40
Boise Has Hot and Cold Water Services .....Oct.—46
Boulder Dam Problems, Solving .....Feb.—11
Code for Water Supply Industry .....Feb.—20 Aug.—14
Code Hearing Indefinitely Adjourned, Water Supply .....Mar.— 8
Consumption Data at Marshall, Mo. .....Oct.—40
Consumption Data from New Bedford, Mass. .....Mar.—47
Consumption Figures Are Low, Why Struthers Water .....Oct.—46
Consumption, Studies in Water..Sept.— 9 Oct.—17 Nov.—23
Corrosion by Lime and Sodium Compounds, Prevention of Main .....Sept.—26
Dam Built by the CCC in Kansas, Earth-Fill .....April—33
Dam Problems, Solving Boulder..Feb.—11
Dams, Design and Construction of Small .....May—39
Dams and Tanks, Vibrated Concrete for .....Oct.—15
Diesel and Electric Pumping Costs Compared .....Aug.—16
Drought-Stricken Regions, Water Supply Conditions in the.....Sept.—19
Electric and Diesel Pumping Costs Compared .....Aug.—16
Financial History of Quincy, Ill., Water Works .....Jan.—23
Fire Insurance Rate, Water Works Requirements for Minimum...Sept.—28
Fire Insurance Savings Will Retire Bonds .....April—16
Frozen Mains and Services, Equipment and Methods for Thawing .....Aug.—17
Income 6% of Total Investment, Net Water Works .....Feb.—36
Jacksonville's Municipal Water and Light Plants Earned $2,175,762 in 1933 .....Nov.—35
Joint Compounds for Water Mains, Reduction of Cost and Leakage by Using .....June—30
Joints, Comparative Cost of Lead and Leadite .....May—18
Kansas, Earth-Fill Dam Built by the CCC in .....April—33
Leadite Joints, Comparative Cost of Lead and .....May—18
Leakage Tests, Full Moon for.....Feb.—14
Lincoln, Neb., Joint Operation of Water and Light Plants in.....Dec.—51
Los Angeles, Large Welded Pipe Line for .....Jan.—35
Los Angeles W. & P. Dept. Uses Talkies to Explain Activities..Nov.—42
Main Across a River, Laying a 42-Inch .....Feb.—35
Main Corrosion by Lime and Sodium Compounds, Prevention of .....Sept.—26
Marshall, Mo., Water Consumption Data .....Oct.—40
Metering Water Would Save Philadelphia $180,000 a Year .....Jan.—16
Meters from Hot Water Troubles, Saving .....Nov.—16
Meters, 94.6% of Water Plant Output Sold Through .....Sept.—11
Milwaukee's Standpipe, Arc Welding .....Feb.—36
New Bedford, Water Consumption Data from .....Mar.—47
New York Metropolitan District, Water Works of the Greater..June—13
Owenton, Ky., Design of Small Water Works Plant at .....April—13
Philadelphia $180,000 a Year, Metering Would Save .....Jan.—16
Pipe for Water Supply, Spiral Welded .....Oct.—54
Pipe Line, Reconditioning a 42-Inch, 42-Year-Old .....June—18
Pipe Reduces Friction, Welding Steel .....Mar.— 8
Practice Indicated by the Experience of the Past Year, Trends in Water Works.....Nov.—39—Dec.—53
Pump Station Roof, The Ups and Downs of a .....June—49
Pumping Costs Compared, Diesel and Electric .....Aug.—16
Quincy, Ill., Water Works, Financial History of .....Jan.—23

*Month and Page*

Rainfall Intensities in the U. S., Records of .....June—49
Rates, St. Paul Reduces Water..Sept.—26
Recording Register, A Graphic....July—38
Relief Labor in the Water Works Plant .....June—36
Reservoir Embankment, Faults in Earthen .....Sept.—28
River, Laying a 42-Inch Water Main Across a .....Feb.—35
Run-off Capacities of Water Sheds, Estimating .....Mar.—13
St. Paul Reduces Water Rates...Sept.—26
St. Paul Water Dept., Truck Operation by .....Dec.—50
Seattle Water Dept. Nets $169,379.Oct.—40
Services, Boise Has Hot and Cold Water .....Oct.—46
Standpipe, Arc Welding Milwaukee's .....Feb.—36
Struthers Consumption Figures Are Low, Why .....Oct.—46
Swimming Pool, Operating a College .....Sept.—28
Talkies to Explain Activities, Los Angeles W. & P. Dept. Uses...Nov.—42
Tanks and Dams, Vibrated Concrete for .....Oct.—15
Tanks, Designing Elevated Water .....June—16
Tanks, Treatment of Mill Scale on .....Dec.——
Thawing Frozen Mains and Services, Equipment and Methods for .....Aug.—17
Truck Operation by St. Paul Water Dept. .....Dec.—50
Tubercles by Ammonia-Chlorine, Prevention of .....Oct.—29
Underground Water for Public Supplies .....Sept.—21
Underground Water Flow, Supplementing .....July—11
Underground Water Supply, Artificial Supplementing of .....Aug.—19
Water Rents by Indigent Customers, Payment of .....May—18
Water-Sheds, Estimating Run-off Capacities of .....Mar.—13
"Water Wheel," The....Jan.—31 Feb.—21 March—41 April—26 May—45 June—21 July—27 Aug.—36 Sept.—31 Oct.—44 Nov.—43—Dec.—59
Winter, Canada's Water Works Experienced a Cold .....May— 8
Zinc in Water Supplies Not Poisonous .....Feb.—35

# A CHRISTMAS GIFT HE WILL REMEMBER

Few tasks are more difficult than choosing a man's gift which is useful and durable, yet which is also inexpensive.

Many have found the answer to their problem in a year's subscription for PUBLIC WORKS—a very practical gift which reminds the recipient of them twelves times a year. The cost is only $3.00.

Why not solve your gift problem the same way. We will send announcements of all gift orders.

PUBLIC WORKS, 310 E. 45 St., New York, N. Y.
